Summary

With about three years of experience in front-end development, I specialize in building high-performance web applications using React and Angular. My projects have consistently enhanced performance and user satisfaction. I have experience in client interactions, understanding requirements, and delivering high-quality work on time. I possess strong logic-building skills, a solid understanding of Data Structures and Algorithms (DSA), and a proven ability to solve complex problems efficiently. This expertise enables me to write optimized code and deliver scalable solutions.

Experience

Hexaview Technologies Pvt. Ltd.

Noida, U.P.

Application Engineer

June 2022 – Present

- Led a team of 5 in developing a high-performance single-page application using NextJS and React.
- Implemented responsive and accessible design, ensuring compatibility across multiple devices and browsers.
- Managed multiple front-end projects simultaneously, involving in different frameworks like React, Angular and NextJS.
- Worked on finance and membership-based applications using Angular 17 and AngularJS, focusing on task and client management.
- Utilized PrimeNG, Angular Material, and Tailwind CSS for UI, with RxJS for efficient asynchronous data handling.
- Handled API communication using observables, along with debugging, feature integration, and ensuring timely project delivery.
- Implemented secure authentication with Crypto.js, refresh tokens, and Ant Design UI, ensuring smooth API interactions with Axios and Jest testing for reliability.

Technical Skills

Languages and Frameworks: Javascript/Typescript, ReactJS/NextJS, Angular, HTML/CSS, SCSS

Libraries and Version control: Redux, Easy-peasy, State Management, Observables, RxJS, TailwindCSS, Bootstrap, Angular Material, PrimeNG, Git, Git-lab, Bitbucket

Key Achievements

Performance Optimization: Boosted app with lazy loading, SSR, caching, and tree-shaking. Optimized rendering via virtualization and state management.

Modernized Legacy Systems: Refactored and optimized AngularJS applications, reducing dependencies on extra libraries and improving performance without compromising functionality.

Mentorship and Collaboration: Mentored junior developers, enhancing team productivity while collaborating with designers and product teams to refine UI/UX in Agile/Scrum environments.

Recognitions and Awards: Received 5 'Pat on the Back' awards over 3 years for demonstrating ownership, independently resolving complex issues, fostering team bonding, and showcasing leadership qualities.

Education

Rajiv Gandhi Proudhyogiki Vishwavidyalaya

June 2022

Master of Technology in Digital Communication (GPA: 9.50 / 10.00)

Bhopal, M.P.

Scope College of Engineering

June 2018

Bachelor of Electronics and Communication (GPA: 8.44 / 10.00)

Bhopal, M.P.
